

Vocational School Luhačovice

Over 4,000 students have passed through the doors of this school since it was established in 1967. The study branches it has provided over the years have helped students to prepare for the job market or enter their chosen future professions.

A number of our graduates have gone on to continue their study at universities and colleges; and many run their own businesses today.

Our school is currently preparing 300 students for a career in a business environment, media-related professions, or in arts and crafts professions and catering industry professions.

The school has excellent facilities: thirteen multi-media study-classrooms, ICT facilities, a language lab, a studio, a school library, a bookshop, a gallery, and workshop for the arts and crafts classes.

Students can also make use of the services of a modern hostel with a school canteen.

We offer:

1. 4 – year study programs

These culminate in the “Maturita exam” or Czech secondary school-leaving examination required by all Czech universities and colleges.

Library and Information Services Studies

Graduates can work in libraries, information centres or archives.

Management of Advertising and Arts Studies

Graduates are prepared for a career in business or in advertising or media environments.

2. 4 – year Apprenticeship Programs

These culminate in the “Maturita exam” or Czech secondary school-leaving examination. Students can find employment opportunities in the building, architecture, teaching and artistic fields.

Blacksmith Training

Cabinetmaker Training

Woodcarver Training

Ceramist Training

Musical Instrument Construction Training

3. 3 – year Apprenticeship Programs

These culminate with an Apprenticeship Diploma. These programs combine theory and practical demonstration lessons followed by hands-on practical experience classes.

Catering Studies – Waiter/Chef Training

After getting a diploma students can also continue in their study in 2-year training courses. These culminate in the “Maturita exam” or Czech secondary school-leaving examination.
